Mark Dixon, BCBA-D: The Next Generation of ABA Therapy

Techniques (MICHIGAN)

December 4, 2015 8:30am-3:00pm

Kensington Court Ann Arbor
610 Hilton Street
Ann Arbor, MI 48108

This presentation will introduce attendees to the power that behavioral science has for developing meaningful, robust generalizing repertoires for children with autism. Dr. Dixon will provide an overview of the PEAK Relational Training System - our field's most empirically validated assessment and curriculum!

REGISTER HERE: <http://ow.ly/UfldY>

Lunch will be provided. Registration opens at 8:00am

Participants will be able to:

- Effectively use PEAK assessments.
- Understand the procedures for data collection and management when running ABA programs.
- Use treatment protocols to promote skill gains.

Who should attend:

- Professionals*
- Parents*
- Students*
- *NOTE —> attendees should have a working knowledge of verbal behavior topics and also general ABA knowledge.

****BACB CEUs are included!!**
